

**PHASGQ14 Research Case Studies for Quantum Technologies (MSc)**  
**Poster Mark Sheet**

Student name:

Other students in group:

Assessor:

Title of Poster:

**TOTAL MARK (out of 40):**

**Group Mark – for this exercise there is no individual mark**

**Communication:**

*Are the poster's main messages clear and engaging? Is it targeted at the correct audience (a school child in age range 12-15)? Is text clearly written and easily understandable? Do diagrams and images bring the subject matter to life? To receive a distinction grade (14 or above), the poster must be attractive, engaging and accessible, avoiding or explaining any jargon.*

Mark out of 20:

**Content**

*Does the poster explain physical and/or technological ideas related to the research paper for the case study? Does at least one box or figure explain a core physics concept? To receive a distinction grade (14 or above), several key concepts should be explained in an accessible and educational way for the intended audience.*

Mark out of 20:

**Comments and feedback**
